

Cargo

We advise on and design cover for all aspects of insurance for cargo shipped anywhere in the world. We specialize in insuring goods, commodities and merchandise in transit or storage worldwide. We offers comprehensive insurance programmes and guidance to brokers, insurers and clients who are importers, exporters, traders, distributors and manufacturers. We are involved in a wide variety of cargo and related interests including oils, chemicals, commodities, food/perishables and manufactured goods, whether transported by road, rail, sea, air, barge or post.
