

Ports & Terminals

(Freight, Transport, Logistics)

We provide advice and guidance for the clients, their retail broker and or insurer on the best insurance solution for their; ports, terminals, warehousing, logistics and transportation businesses. This include, best available cover and loss prevention advice for their business.

This is done through arranging following Insurances: Liability and/or All Risk or Named Perils Property Insurances, for all owned or leased, property, infrastructures, handling equipment, goods in your care, custody, or control. And Business Interruption, Increased Cost of Working, Loss of Rent and other Financial Loss there may incur in running the business.
