

Projects

We focus on meeting the diverse needs of owners, sponsors and lenders arising from the development and operation of limited recourse finance projects throughout Asia. We provide clients with a single point of contact for all their project risk assessment, advisory and insurance needs. Our specialists have a detailed understanding of all the contractual and financial issues that surround the successful completion of major infrastructure projects, from toll roads to hospitals, power stations to prisons, whether the risks be material, political or financial.

Key Product and Specialist Areas

- Lenders' advisory work
- Non-recourse financed projects
- PFI "accommodation"
- Power Projects
- Transportation & infrastructure
- Waste to energy & biomass projects
- Wind & renewables
