

Specie

We have leading expertise in the arena of general specie risks, with a number of particular specialist areas. We have facilities with substantial limits with leading underwriters in these classes in both Lloyd's and the company markets.

We handle a significant amount of the Asia Pacific diamond and jewellery industry business as well as providing cover for the full spectrum of industries dealing with, or using, precious metals. We also handle a substantial international book of cash in transit companies with US\$250 million limits currently available.
